

الحجر المشع
Shiny Stone

For Trading & Contracting للتجارة والمقاولات

ABOUT US:

Shiny Stone is 100% Saudi Establishment based in Al Khobar, KSA. Shiny Stone has two main business lines which are: **Contracting & Trading**.

I. **Shiny Stone for Contracting** has the ability to adjust very well to changes in market complications. We have the capability and expertise of:

- A. **Civil Construction Works.**
- B. **HVAC & Ducting System Works.**
- C. **Electrical & Plumbing Works.**
- D. **Instrumentation & Control System Works.**
- E. **Fire Fighting System Works.**

Our projects from high rise buildings, commercial, residential towers to villas and complexes etc. Our expertise in Project Management ensures timely delivery of the projects within the budget and with highest standards of quality. We have qualified resources to overcome challenges that may arise during execution of our projects. **Shiny Stone Est.** always adopt a hardworking path of pure discipline to ensure sustained growth and excellence.

II. **Shiny Stone for Trading** is a material supplier of general industrial items in addition to representing in several international companies like: **EAO, GERSON, MECCO, BRANNAN, MERSEN, C3 CONTROLS AND PILOT GASKET ENGINEERS.**

Shiny Stone for Trading has dedicated team to support material supply of general industrial items:

- A. **Electrical Material: Conduits, Cables, Transforms, Electrical Panels And Switch, Lighting Equipment's Generators, UPS etc.**
- B. **Instruments, Communication & Control System Material. Networking & IT Items.**
- C. **Machine, Welding, Plastic And Metal Pipes, , Valves And Pumps, Construction & Compressors, Electro Mechanical Engines etc.**
- D. **Building & Consumable Materials**
- E. **Safety Items**
- F. **Spare Parts For All The Above Mentioned Items**

SSE VISION:

A leader in the field of providing solutions, engineering, construction and industrial material supply in Saudi Arabia.

SSE MISSION:

To fulfill the requirement of our clients with excellent quality bench marking, innovative technologies, highest global safety standards with most cost effective ways.

SSE POLICY:

SSE functions under an extensive umbrella of core values, based on Integrity, Honesty and Fairness in all its dealings.

The purpose of the policy is to drive strategic planning and help set expectations and performance objectives and to promote ethical and responsible decision-making.

These values may be summarized as follows:

- * At **SSE**, no aspect is more important than Environment, Health, Security and Safety. Our client needs
- * Are met in harmony with considering all the safety & Environmental protection requirements.
- * To achieve sustained, profitable growth by providing services which consistently satisfy the needs and Expectations of our Clients.
- * To deliver our obligations to our owners, customers, partners and employees.
- * To take on Social and National Responsibility, contributing to the progress and welfare of the community and our country.
- * To have integrity in all our dealings.
- * To ensure full compliance with relevant statutory, technical and safety requirements.
- * To endeavor, at all times, to maximize customer satisfaction with the services provided by us.
- * To achieve and maintain a level of service and performance that enhances our company's reputation With customers.
- * Ensure Accountability & Create Transparency.
- * Streamline new staff orientation.
- * Understand the expectations & challenges.
- * Excelling in our operations.
- * Committed to achieving success for our customers.

This level of quality is achieved through the adoption of a system of procedures that demonstrate the competence of the company to existing and potential clients as well as auditing authorities.

Achievement of this policy involves all staff, who individually and collectively are responsible for the quality of their work, resulting in continually improving quality and the working environment for all.

**THIS POLICY IS PROVIDED AND EXPLAINED TO
EACH EMPLOYEE BY THE COMPANY DIRECTORS**

SSE CAPACITY:

SSE has successfully established a reputation of being a reliable contractor dedicated to providing the highest standard of services from the planning, managing and safely completing projects on time and within budget. It is this reputation for excellence that makes us fulfill our mission of being the leading contractors in the region.

SSE believes that its commitment to the customer is the main priority. Our real strength lies in our professional workforce. It is our knowledge, experience, and commitment to customer service that makes us stand out from the crowd. SSC with a great expectation, extensive experience and resources aims at serving the Industrial, Commercial & Utility sectors in the following areas:

- * **Contracting Division**
- * **Trading Division**
- * **IT Division**

Contracting Division:

CIVIL & CONCRETEWORKS:

- Marble Installation
- Floor & wall tiling
- Painting
- Installation of Aluminum Doors & Windows
- Steel Structure
- Continues Flight Auger
- Board Piles
- Get Grouting
- Dewatering
- Load Test
- Excavation & Bakfelling

AUTOMATION , ELECTRICAL & CONTROL SYSTEM WORKS:

- PLC control systems.
- SCADA & Telemetry Systems.
- Instrumentation packages.
- Low voltage power & control panels.
- Data acquisition.
- Isolated power systems.
- Medium voltage and Low voltage busway systems.
- Street and Landscape Lighting.
- Emergency Power Systems (Generators, UPS and Central battery systems).
- Power System Controls (SCADA, PLC and CCMS).
- External network infrastructure (HV, MV, LV, Fiber optic)
- Historians & Reporting Solutions.
- Business system integrations
- Motion Control / Variable Speed Drives (VSDs).

➤ Automation & Control System:

SSE is Partner of **SIEMENS** Digital Industries and system integrator of **SIEMENS** systems . **SSE** can support in Providing Field Services and Spare Parts at competitive rates.

SIEMENS is a large multinational company present in over 190 countries with the largest catalog of products and services in the market.

Below are some of **SIEMENS** products that **SSE** can provided:

- LOGO! logic modules
- SIMATIC S7-1200 Basic Controllers
- SIMATIC S7-1500 Advanced Controllers
- SCALANCE
- SIMATIC IPC
- HMI Panels
- SCADA Software
- SITOP

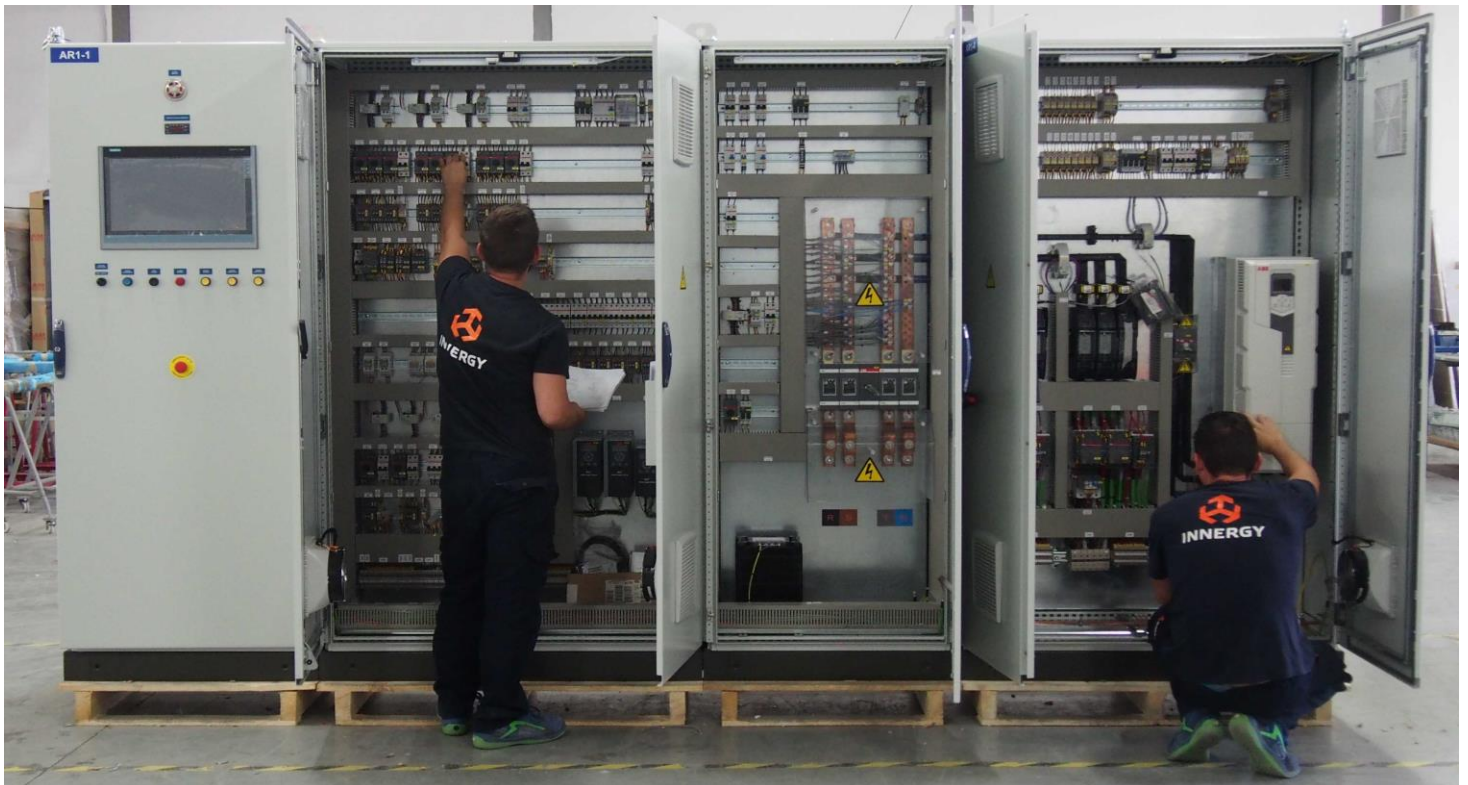

➤ Electrical & Control Panelboard:

SSE is Partner of Voltage Elements Industrial Company (VEICO), **SSE** can support you in Designing, Manufacturing, Installation, Testing & Commissioning of all types of Electrical Switch Boards

VEICO is specializes in manufacturing of numerous types of Panelboard & custom built electrical switch boards. located in the second Industrial city of Dammam.

Below are wide range of VEICO products that SSE can provided:

- LV switchgear up to 6300A
- Package And Unit Substations 13.8KV&33KV
- Motor Control Center (MCC)
- Manual/automatic transfer switch (MTS/ATS)
- VEICO-distribution panel boards (VDB)
- Assembly of type tested panels
- Distribution And Lighting Panels
- Control Panels
- Street Lighting Panels
- Safety Switch Enclosures
- Switchracks

SSE is Partner of **ADT**, we can provide Automation and Digital Transformation services and technological solutions to the industrial and business sectors In Kingdom and the Middle East.

Automation and Digital Transformation (ADT) in our partner list. I mentioned below their specialized areas for your reference.:

- **Digital Transformation Strategy Planning and Management**
- **Advanced Applications:**
 - Production Planning and Scheduling
 - Advanced Process Control
 - Modeling and Simulation
 - Operator Training Simulator
- **Analyzers Information Management System**
- **Manufacturing Operations Management (MOM) Solutions**
- **IT Infrastructure & Communications**
 - Data Centers
 - Cybersecurity and security systems
 - Wireless systems
 - Voice communications
- **Engineering Systems Digital Technolog**

مؤسسة الأشراق المتجدد لصيانة أنظمة السلامة و مكافحة الحريق
Alashraq Almutjeded For Safety and Firefighting Systems EST.

SSE is Partner of **ALASHRAQ ALMUTJEDED For Safety & Firefiting Systems**, we can Supply, Install, Iest And commesioning of all type of Firefiting Systems.

AASFS Authorized by **Saudi Civil Defense** to Supply, Install, Maintain and Approved all Firefighting Systems for Industrial or Commercial facilities.

AASFS provides a range of products and services (include the supply, design, engineering, installation and maintenance) of:

- New and Active Fire Protection Systems
- New and Active Fire Fighting Systems
- Fire extinguishing, fire stopping and fire suppression systems.
- Smoke/ heat extraction and Natural Ventilation systems.
- Fire alarm systems including, detection and control devises.

❖ Trading Division:

SSE has a separate trading division to cater the client's general requirement in the field of Electrical, Mechanical, Electromechanical, Instrumentation, Automation & Security systems, Tools & Hardware etc.

SSE represent world renowned brand from America, Europe and other parts of world.

General Material Supply Items:

Electrical Generators, Calibration Instruments, Control Instruments, Communication Items, Computer Items, Welding Machine, Plastic And Metal Pipes, Conduits, Cables, Transforms, Electrical Panels And Switch, Lighting Equipment's, Valves And Pumps Networking Items, Construction & Building Materials, Safety Items Compressors, Electro Mechanical Engines, All Types of UPS, Complete IT and Communication Supply, Installation Testing And Commissioning And Accessories Spare Parts For All The Above Mentioned Items.

International Companies We Represent:

e a o ■

SSE is an exclusive distributor of EAO products in KSA.

EAO AG, a Swiss, company is one of the world's leading manufacturers of high-quality industrial switches, complete custom HMI panels and interface systems, and specialized automotive switch systems.

Series 45.
Innovative and
comprehensive.

EAO creates possibilities. Since 1947.

MECCO

SSE is a local business partner of **MECCO Valve Co., Ltd**

MECCO established in 2000, located in Jiading district of Shanghai, Shanghai **MECCO Valve Co., Ltd** is a production company specializing in the production of valves, Research & Design, manufacturing and after-market service.

The current available annual output is USD \$100 million, the current production capacity is about 10,500 Ton valves with different materials.

MECCO has established mature and stable international marketing networks in over 50 countries and regions across Europe, North America, South America, the Middle East and Southeast Asia, etc., and has already created for itself the image of an international brand.

MECCO Main Products:

- Gate Valve,
- Globe Valve,
- Check Valve,
- Ball Valve,
- Butterfly Valve,
- Plug Valve,
- Needle Valve,
- Control Valves (pneumatic, hydraulic, electric actuated valves),

**Thermometers &
Instrumentation**

SSE is an Authorized distributor of **Mersen** products in KSA

Brannan is also represented in KSA by **SSE**. They are leading European manufacturers of Thermometers, Pressure Gauges and associated products. Brannan glass thermometer and pressure gauge manufacturing facility in England is highly mechanized offering high quality glass thermometers and pressure gauges at competitive prices. Brannan have manufactured and supplied thermometers, pressure gauges and instrumentation since 1913. Over a century of tradition, combined with modern manufacturing methods in our facilities to ensure an unequalled service.

MERSEN

SSE is an Authorized distributor of **Mersen** products in KSA.

Mersen is a global expert in electrical specialties and advanced materials for high-tech industries.

With more than 50 industrial sites and 16 R&D centers in 35 countries around the world, Mersen develops customized solutions and delivers key products to its clients in order to meet the new technological challenges shaping tomorrow's World

Following on from lighting and arc lamps, electric motors gave the group's founders opportunities to develop on an industrial scale. Electricity was being produced by dynamos in which the current was transmitted by sliding contacts in the form of small brushes made of carbon : another major market that would underpin Mersen growth.

In addition, electrical networks also required distribution, control and protection equipment

Mersen a global leader in overvoltage protection devices, **Mersen** offers a comprehensive line of surge protection devices, components, and systems. Mersen offers peripheral (passive) products used to optimize operation and increase safety and reliability of power conversion systems

Mersen designs and manufactures a comprehensive line of anticorrosion and process equipment in a wide range of materials Mersen offers complete technical solutions for all motor and generator applications

c3controls®

SSE is an exclusive distributor of **C3 Controls** products in KSA.

C3 Controls formerly known as Control Concepts Corporation, is a U.S. manufacturer of electric controls sold worldwide. Its line of products includes disconnect switches, contactors, overload relays, pilot lights, push buttons, terminal blocks, general purpose relays, and many other similar products. **C3 Controls** headquarters is in Beaver, Pennsylvania, where it was started in 1976 by Glenn Taylor

C3 Controls produces durable, well-designed electrical control products that perform reliably even in the most punishing environments and that meet global standards for quality and safety. Ranging from power & actuation to control logic to human machine interface to wiring/cable duct,

C3 Controls is proud of their products. They're the result of over 40 years of experience in making things that solve the

challenges machine builders face.

SSE is an exclusive distributor of **Pilot Gasket & Engineers** products in KSA.

Pilot Gasket & Engineers India (PILOT Gaskets) was Established in 1981 and we are eminent manufacturers and exporters of Cut Gaskets & Spiral Wound Gaskets, Non Asbestos Gland Packings, Rubber Sheets & Moulded Items, PTFE Sheets & Moulded Items, PTFE Teflon Pipe Seal Tape, Thermal Insulation using Ceramic, Fiber glass, Specialized High Temperature Insulation etc. We have three verticals i.e. Sealing, Safety and Solutions.

❖ IT Division:

- Maintenance, Networking & Telecommunications
- Supply Hardware & diagnostics and repairs Health checks, cleaning and computer tune up Computer desktop or laptop overheat
- Slow computer - Locate and fix bottlenecks slowing Operating system & Windows Server Upgrades
- Install more memory or a larger hard drive
- Modem / Router / ADSL modem and other hardware installation & configuration Storage and back-up management
- Complete Data backup and recovery
